

Sun Sails, EXPO 88 in Brisbane (AUS)

Six 'Sun Sails' with regular segmented circular areas offer the urgently required shade from the Australian sun. The sail arrangement over the squares was developed with the master plan and became the landmark of the Expo in Brisbane.

Size:

The 6 sails cover an area of about 35,000 m² and have a diameter up to 140 m, the 6 masts are up to 50 m long.
